“I am a patent attorney who advises my clients on developing and leveraging their intellectual property assets.”

Mr. Curran is responsible for developing and executing targeted intellectual property strategies for his clients. He counsels clients in patent preparation and prosecution matters and has extensive experience in patenting various electrical, mechanical, and computer-implemented technologies in the automotive, power generation, e-commerce, gaming, and healthcare industries.

Prior to practicing law, Mr. Curran had a successful 12-year career as a registered professional engineer, serving as project manager for a global engineering and design firm.
