“I am an engineering student who applies my knowledge of science to assist in patent prosecutions.”

Maggie is pursuing a B.S. in Chemical Engineering with a minor in biochemistry and pre-law from Kettering University's Honors Program. Before joining Howard & Howard’s Intellectual Property Intern Program as a Co-op student, Maggie gained sizable experience in CAD software, programming, laboratory technology, and implementation of scientific research. Maggie also has experience with both building and programming robots in short spans of time to compete, with the aim of inspiring innovation.

Maggie has an anticipated graduation date of 2025.
